The Honorable Teri Jackson
Presiding Judge
Superior Court of California, County of San Francisco
400 McAllister Street, Department 206
San Francisco, CA 94102

RE: Civil Grand Jury Report - Mitigating the Housing Crisis: Accessory Dwelling Units and Modular Housing

Dear Judge Jackson:

The Board of Supervisors’ Government Audit and Oversight Committee conducted a public hearing on October 3, 2018, to review the findings and recommendations of the 2017-2018 Civil Grand Jury report, entitled “Mitigating the Housing Crisis: Accessory Dwelling Units and Modular Housing.”

Prior to the Committee meeting, the following City Departments submitted required responses to the Civil Grand Jury:

- Office of the Controller:
  Received August 17, 2018 for

- The Mayor’s Office submitted a consolidated response for the following departments:
  o Office of the Mayor;
  o Mayor’s Office of Housing and Community Development;
  o Department of Building Inspection;
  o Planning Department;
  o Office of Community Investment and Infrastructure;
  o Fire Department;
  o Department of Homelessness and Supportive Housing;
  o Public Utilities Commission; and
  o Public Works.
  Received September 3, 2018, for Finding Nos. F2, F3, F4, F5, F6, F7, F8, F9, F10, F11, F12, F13 and F14; and Recommendation Nos. R1, R4, R5, R6, R7, R8, R9, R10, and R11.

Continues on next page
At the October 3, 2017 meeting, the Government Audit and Oversight Committee prepared a resolution responding to the requested findings and recommendations identified in the report. The response was prepared by Resolution No. 342-18, enacted on October 26, 2018.

By this message, the Office of the Clerk of the Board of Supervisors is transmitting Resolution No. 342-18 to your attention.

If you have any questions, please contact John Carroll, Government Audit and Oversight Committee Clerk at (415) 554-4445, or via email to john.carroll@sfgov.org.

Sincerely,

Angela Calviño
Clerk of the Board

10/26/2018 Mayor - APPROVED

STATE OF CALIFORNIA
CITY AND COUNTY OF SAN FRANCISCO

CLERK'S CERTIFICATE
I do hereby certify that the foregoing Resolution is a full, true, and correct copy of the original thereof on file in this office.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City and County of San Francisco.

November 05, 2018  
Date

Angela CalVillo  
Clerk of the Board
Resolution responding to the Presiding Judge of the Superior Court on the findings and recommendations contained in the 2017-2018 Civil Grand Jury Report, entitled “Mitigating the Housing Crisis: Accessory Dwelling Units and Modular Housing;” and urging the Mayor to cause the implementation of accepted findings and recommendations through his/her department heads and through the development of the annual budget.

WHEREAS, Under California Penal Code, Section 933 et seq., the Board of Supervisors must respond, within 90 days of receipt, to the Presiding Judge of the Superior Court on the findings and recommendations contained in Civil Grand Jury Reports; and

WHEREAS, In accordance with California Penal Code, Section 933.05(c), if a finding or recommendation of the Civil Grand Jury addresses budgetary or personnel matters of a county agency or a department headed by an elected officer, the agency or department head and the Board of Supervisors shall respond if requested by the Civil Grand Jury, but the response of the Board of Supervisors shall address only budgetary or personnel matters over which it has some decision making authority; and

WHEREAS, Under San Francisco Administrative Code, Section 2.10(a), the Board of Supervisors must conduct a public hearing by a committee to consider a final report of the findings and recommendations submitted, and notify the current foreperson and immediate past foreperson of the civil grand jury when such hearing is scheduled; and

WHEREAS, In accordance with San Francisco Administrative Code, Section 2.10(b), the Controller must report to the Board of Supervisors on the implementation of
recommendations that pertain to fiscal matters that were considered at a public hearing held
by a Board of Supervisors Committee; and

WHEREAS, The 2017-2018 Civil Grand Jury Report, entitled "Mitigating the Housing
Crisis: Accessory Dwelling Units and Modular Housing" ("Report") is on file with the Clerk of
the Board of Supervisors in File No. 180701, which is hereby declared to be a part of this
Resolution as if set forth fully herein; and

WHEREAS, The Civil Grand Jury has requested that the Board of Supervisors respond
to Finding Nos. F2, F6, and F7, as well as Recommendation Nos. R2 and R3, contained in the
subject Report; and

WHEREAS, Finding No. F2 states: "Construction of ADUs can add a meaningful
number of moderately priced rental housing units in San Francisco, with no significant burden
on City finances. Therefore, encouraging ADU development is of value to San Francisco;" and

WHEREAS, Finding No. F6 states: "The City's ADU program acknowledges the value
to the City of increasing ADU construction. Homeowners who construct ADUs do so
voluntarily and at their own expense. The additional burden of heavy permit fees is
counterproductive to the City's goal of increasing the rate of ADU construction, in that it
represents an additional barrier to building ADUs for single family homeowners, and therefore
likely reduces the number of applications;" and

WHEREAS, Finding No. F7 states: "Cities that lower permitting fees for ADUs, as
Portland, Seattle and Vancouver, BC have done, see an increase in the number of permit
applications by single family homeowners; if San Francisco reduces permitting fees for that
type of ADU permit applications, they are likely to increase;" and

WHEREAS, Recommendation No. R2 states: "Recommends the Board of Supervisors
amend existing City codes and ordinances, before June 30, 2019, to waive or reduce ADU

permit fees, with the understanding that reduced departmental revenues would be made up from the City’s general fund;” and

WHEREAS, Recommendation No. R3 states: “Recommends the Board of Supervisors structure fees separately for ADUs in single family residences and ADUs in multi-unit buildings, specifically designed to ease the permitting costs for single family homeowners;” and

WHEREAS, In accordance with California Penal Code, Section 933.05(c), the Board of Supervisors must respond, within 90 days of receipt, to the Presiding Judge of the Superior Court on Finding Nos. F2, F6, and F7, as well as Recommendation Nos. R2 and R3 contained in the subject Report; now, therefore, be it

RESOLVED, That the Board of Supervisors reports to the Presiding Judge of the Superior Court that they agree with Finding No. F2 for reason as follows: San Francisco is currently in an affordable housing crisis and the majority of the new accessory dwelling housing stock will offer rent controlled units; and, be it

FURTHER RESOLVED, That the Board of Supervisors reports to the Presiding Judge of the Superior Court that they disagree partially with Finding No. F6 for reason as follows: making the ADU application more affordable may remove a barrier for homeowners interested in building an ADU, but will require further analysis; and, be it

FURTHER RESOLVED, That the Board of Supervisors reports to the Presiding Judge of the Superior Court that they agree with Finding No. F7 for reason as follows: making ADU permitting more affordable for homeowners may incentivize them to build ADUs; and, be it

FURTHER RESOLVED, That the Board of Supervisors reports that Recommendation No. R2 requires further analysis, the Budget and Legislative Analyst Office, the San Francisco Planning Department, and the Office of the Controller should study the correlation between a reduction in permitting fees and an increase in ADU construction; and, be it
FURTHER RESOLVED, That the Board of Supervisors reports that Recommendation No. R3 further analysis, the Budget and Legislative Analyst Office, the San Francisco Planning Department, and the Office of the Controller should study the correlation between a reduction in permitting fees and an increase in ADU construction; and, be it FURTHER RESOLVED, That the Board of Supervisors urges the Mayor to cause the implementation of the accepted findings and recommendations through her department heads and through the development of the annual budget.
File Number: 180702  Date Passed: October 16, 2018

Resolution responding to the Presiding Judge of the Superior Court on the findings and recommendations contained in the 2017-2018 Civil Grand Jury Report, entitled "Mitigating the Housing Crisis: Accessory Dwelling Units and Modular Housing," and urging the Mayor to cause the implementation of accepted findings and recommendations through his/her department heads and through the development of the annual budget.

October 03, 2018 Government Audit and Oversight Committee - AMENDED, AN AMENDMENT OF THE WHOLE BEARING SAME TITLE

October 03, 2018 Government Audit and Oversight Committee - RECOMMENDED AS AMENDED

October 16, 2018 Board of Supervisors - ADOPTED

Ayes: 11 - Brown, Cohen, Fewer, Kim, Mandelman, Peskin, Ronen, Safai, Stefani, Tang and Yee

File No. 180702

I hereby certify that the foregoing Resolution was ADOPTED on 10/16/2018 by the Board of Supervisors of the City and County of San Francisco.

Angela Calvillo
Clerk of the Board

London N. Breed
Mayor

The Honorable Terri L. Jackson
Presiding Judge, Superior Court of California, County of San Francisco
400 McAllister Street, Room 008
San Francisco, CA 94102

Dear Judge Jackson:

Pursuant to Penal Code sections 933 and 933.05, the following is in reply to the 2017-18 San Francisco Civil Grand Jury reports, Open Source Voting in San Francisco and Accessory Dwelling Units and Modular Housing. We would like to thank the Civil Grand Jury for their work.

The Civil Grand Jury’s reports provided important findings and recommendations on each of the topics reported on in this session. We will use this work to inform future audit and project planning and communication with leadership, stakeholders, and the public on these issues.

If you have any questions about this response, please contact me or Deputy Controller Todd Rydstrom at 415-554-7500.

Respectfully submitted,

Civil Grand Jury Report: Accessory Dwelling Units and Modular Housing

Required Responses to Recommendation 6:

Recommendation 6. Recommends the Department of Building Inspection work with the Department of the Controller to develop meaningful, outcome-based performance metrics on ADU permit approval duration, to be reported on OpenData starting January 2019. (F3, F4)

Response: The recommendation has not been, but will be, implemented in the future. We will work with the Department of Building Inspection to develop one or more metrics on permitting of ADUs by January 2019. Depending on the data sources, content or related factors, we may publish such metrics in the Performance Scorecard section of the Controller’s website, or in another accessible format, to be determined in consultation with stakeholders.
September 3, 2018

The Honorable Teri L. Jackson
Presiding Judge, Superior Court of California, County of San Francisco
400 McAllister Street, Room 008
San Francisco, CA 94102

Dear Judge Jackson:

Pursuant to Penal Code sections 933 and 933.05, the following is in reply to the 2017-18 Civil Grand Jury report, *Mitigating the Housing Crisis: Accessory Dwelling Units and Modular Housing*. We would like to thank the members of the Civil Grand Jury for their efforts to promote innovative methods to alleviate the City’s housing crisis.

We strongly agree with premise of the report: that the City must build significantly more housing to meet the needs of a growing City. We agree that non-traditional types of building, like Accessory Dwelling Units (ADUs) and modular housing, have tremendous potential to add to the City’s housing supply while requiring less public subsidy, less time to build, and fewer of the impacts to neighborhood character that often generate opposition to new housing. We agree that for both ADUs and modular housing, the City needs to take concrete action to facilitate the adoption of the technology through smart public policy and comprehensive community outreach.

With regards to ADUs, we acknowledge that the lengthy permitting process and strict building codes are one reason more ADUs have not been built. Through better coordination between City departments, permitting times have already fallen significantly. We will continue to strive for more improvement. The City has already taken significant action to make the planning, building, and fire codes less of an obstacle for property owners who wish to build ADUs in their building. That is why the Mayor issued an Executive Directive on Thursday, August 30th to both speed up the process of approving new ADU applications and clear the backlog of older applications. From this point forward, it should only take four months for the City to review a completed application to construct an ADU and only six months to clear the 900 unit backlog of permits. There exists significant potential to make the building codes less restrictive and more flexible – allowing easier and more affordable construction of ADUs with no diminished safety for residents. However, elements of the building and fire code that are governed by the State code do not allow the City to make our local code less restrictive. This remains a significant challenge.

With regards to modular housing, we are supportive of the establishment of a union-staffed modular housing factory in the City limits. This will ensure a sufficient supply of housing units to serve the City’s affordable housing pipeline for formerly homeless individuals while guaranteeing quality control and code compliance. Furthermore, it will leverage the skills and capacity of our local building trades, protecting local jobs while delivering housing in a shorter time at a lower cost.

While we are not named as respondents to the report’s Finding 1, we wanted to take this opportunity to respond to the Finding, which states that San Francisco “has produced more than the required market rate housing to satisfy demand, but not nearly enough below market rate housing.” We agree that production of below market rate housing has not met minimum targets in the Regional Housing Needs Assessment.
(RHNA) and has not met the needs of tens of thousands of low and moderate income households that are cost burdened or face other housing challenges. Regarding production of market rate housing, however, we believe that meeting minimum production targets in RHNA is not the same as meeting market demand and that there is ample evidence that demand from higher income households has exceeded production, placing greater pressures on the City’s housing stock and residents with low to middle incomes. Therefore, the need to facilitate housing production highlighted in the report extends to housing for all income groups.

A detailed response from the Mayor’s Office, Mayor’s Office of Housing and Community Development, Department of Building Inspection, Department of City Planning, Department of Homelessness and Supportive Housing, Department of Public Works, Fire Department, Office of Community Investment and Infrastructure, and Public Utilities Commission to the Civil Grand Jury’s findings and recommendations are attached.

Thank you again for the opportunity to comment on this Civil Grand Jury report.

Sincerely,

London N. Breed

<tbody>
<tr>
<td>1</td>
<td>The City's ADU program acknowledges the value to the City of increasing ADU construction. Homeowners who construct ADUs do so voluntarily and at their own expense. The additional burden of heavy permit fees is counterproductive to the City's goal of increasing the rate of ADU construction, in that it represents an additional barrier to building ADUs for single family homeowners, and therefore likely reduces the number of applications.</td>
<td>Department of Building Inspection (Response due: September 3, 2018)</td>
<td>Disagree, partially</td>
<td>More research is required on the reasons more single-family homeowners are not applying for ADUs in San Francisco, which may mirror larger state and national trends. In our experience, fees have not been noted as a key barrier. The cost of building materials and construction labor drive the cost of the ADU project, as these hard costs plus the soft costs such as designer fees and permit fees (which are often a percentage of the hard costs) form a bulk of project costs; other project fees may include water and power connection charges, development impact fees, school district fees, which are dependent on scope of project. Anecdotal reasons that are discussed frequently as barriers include: the lack of financing through existing mechanisms, the burden of construction loan payments, limited public outreach, and the duration of permit review.</td>

<tr>
<td>The City's Building and related construction codes place limitations on what can be built, inhibiting some homeowners from building ADUs. Allowing exceptions from these requirements, when it can be done without compromising safety, helps homeowners add ADUs to their homes.</td>
<td>Planning Department [Response due: September 3, 2018]</td>
<td>Disagree, partially</td>
<td>The ADU program already includes much flexibility from the Planning Code requirements, which regulates quality of life in the unit. Basic health and safety requirements are regulated by the Building Code which is also constrained by the State Code. The City is exploring ways to ease Building and Fire Code standards within the limitations of the State Law. This is difficult, however, because the City's discretion to change these codes is limited to making those codes more--not less--restrictive. Local jurisdictions cannot waive or be less restrictive than State mandate. A homeowner/ADU applicant may request an alternative means of protection equal to or greater than prescribed requirements.</td>
<td>R1 [F2, F8]</td>

Additionally, restrictions bestowed on the site when transferred from the federal government mandate that the site be used only to serve formerly homeless individuals, which would limit participation in a construction training program. Mission Bay Block 9 is similarly not available for a construction training program because the demand for robust supportive services at Mission Bay South Block 9 requires the entirety of the project's ground floor space not otherwise used for mechanical and utility uses. The non-mechanical/utility ground floor uses include suites to accommodate supportive services, property management functions, exam rooms, community room and kitchen, and a lounge.</td>
